Learning this half-term in Year 2

Dawley to Da Nang!

Grab a map, we are going to be exploring the World beyond Dawley. As part of our new topic, we will be discussing the differences and similarities between Dawley and Da Nang. You may being thinking; why Da Nang? In year 2, children have to explore a non-European country and we are very lucky to have a link through Miss Guess to a school in Da Nang. Therefore, this term children will be exploring photographs taken by a school in Da Nang and asking them questions that they will answer to support their learning. We are all very excited! In English, we will be creating non-fiction texts about Da Nang, recipes for food inspired by Da Nang and letters. In Maths the children will learn how to use the four operations, measure, read different scales, recognise coins and make amounts using different coins and learn about statistics. The children will explore their feelings during our music topic, in PSHE we will be exploring relationships and in D&T children will be making and tasting Vietnamese food. Finally, in science we will be exploring habitats, where animals live and what different animals eat and why. This term children will be sitting their SATs in May, so it is very important that they are in school and on time.
