This Week in Reception 1 Mrs Skelton

This week we have been reading "Jasper's Beanstalk" which has helped us learn the days of the week. We have all planted our own bean which we are looking after to see how long it will take to grow.

In maths we have been using number tracks to help us count o from a given number.....this has been really tricky! We have all been fantastic tough tortoises!

Well Done Miss Parsons

I have a condition called fibromyalgia. The main symptom of this is widespread pain throughout the body. Due to this, I can often find walking very painful and difficult. May 12th 2023 is Fibromyalgia Awareness Day and May is also National Walking Month.

I initially set myself the goal of walking 12 laps (4 miles) of the daily mile track in May to raise money for More Than Fibro (a charity who have helped me). After struggling on the first day after only 2 laps I became cross with myself.

I had two choices, give up or keep going. I decided to not only keep going but to make it harder. I now want to walk 2 laps every school day , a total of 36 laps or 12 miles. I want to do this to show to myself and others that you can push yourself to achieve your goals.

I would like to thank the children in Class 3 who have been supporting me by encouraging me when I have found it difficult.

Miss Parsons.
