5th March 2026

Dear Parents/Carers,

This term your child is learning about space as part of our Moon Zoom topic. To bring the learning alive for the children, we have arranged for an explorer dome to be set up in school to deliver a workshop around the awe and wonder of space. This will be part of our 'space day' in Year 1 where we will encourage children to come dressed in a space themed outfit on **Tuesday 17th March 2026.**

The explorer dome experience will include a story-telling introduction to Earth, the moon, the sun and the stars and it will allow the children to feel like they are actually in space! This should prove to be a very enjoyable day for us all and enable children to develop a deeper understanding of the awe and wonder of space.

Under the requirements of the Education Reform Act 1988, we can only raise the cost by voluntary contributions. There is no obligation to contribute, and children will not be treated differently according to whether any contribution has been made. However, this visit can only go ahead if the level of support is sufficient.

The cost of the visit is **£11.00** per child. Please log onto your scopay account to make payment and give consent for your child to attend by **Friday 13th March 2026.**

If you have any questions/queries, please don't hesitate to speak to your child's class teacher.

Thank you for your continued support.

Yours Sincerely

Mrs Hodgson Mrs A Skelton
