May 1st 2026

Dear Parents and Carers,

As we step into the brighter days of summer, we wanted to share a few seasonal reminders to help keep everyone comfortable, healthy, and ready for learning.

To help everyone stay hydrated, please ensure your child brings a filled water bottle to school each morning. Children are encouraged to drink regularly, especially during active or outdoor sessions, and having their own bottle makes this much easier.

With the sunnier weather now upon us, please ensure that sun cream is applied at home before school each morning. The children spend a good amount of time outdoors, and this helps keep them protected throughout the day. Sun hats or caps are also essential for playtimes, so please make sure your child brings one to school daily.

We are also well into hay fever season, and many children are beginning to feel the effects. If your child requires medication, please ensure it is administered before school where possible. Any medication that needs to be taken during the school day must be handed in to the office, clearly labelled, along with a completed permission form.

A quick reminder too that summer uniform is now in place. Please check that your child is wearing the correct items and that all clothing is clearly named, sunshine has a funny way of making jumpers disappear.

Thank you for your continued support in helping us keep everyone safe, comfortable, and ready to enjoy the summer term. It's shaping up to be a bright and busy one.

Warm regards

Mrs J Weichlbauer
Headteacher
