Learning in Year 6...

This half term, we will be delving into the deepest depths of the world's rainforests, including The Amazon. We will study the work and life of Sir David Attenborough as well as exploring the 4 four layers of the rainforest.
Children will broaden their knowledge of Human and Physical Geography where they will look at climate zones, biomes, deforestation and plants and animals of the rainforest.
Our topic, Attenborough's Army links directly to our Science topic– Living things and their habitats– where children will classify plants, animals and microorganisms as well as exploring the threats to biodiversity that are posed by humans.

As well as English and Maths, the main subjects we will be focussing on within the this term are:
